

**FENTANYL IS
50X MORE
POTENT THAN
HEROIN & 100X
MORE POWERFUL
THAN MORPHINE!**

Fentanyl is the second-highest cause of death in Washoe County.

According to the CDC, in 12 months ending in Jan. 2022, about 107,375 people died of drug overdoses and poisonings in the U.S. & 67% of those deaths were related to fentanyl.

FENTANYL & COUNTERFEIT PILLS

FAKE PILLS

When buying Adderall, Xanax, or Oxycontin pills on the street, many teens are getting fentanyl without knowing as it is cheaper for drug dealers.

RARELY DETECTABLE

Unlike alcohol or marijuana, fentanyl pills are odorless and tasteless which attracts many teens as it is harder to detect it on them.

NO QUALITY CONTROL

Each pill off the streets contains different amounts of fentanyl in them so the person taking the pill has no idea how much they are truly taking.
